Form PTO/SB/08B		Complete if Known	
INFORMATION DISCLOSURE STATEMENT BY APPLICANT		Application Number	10/087,268
(use as many sheets as necessary)		Filing Date	March 1, 2002
		First Named Inventor	Elizabeth E. Powell
		Group Art Unit	1645
		Examiner Name	Not yet assigned
		Attorney Docket Number	10338-3U1
Sheet	1	of	2

OTHER PRIOR ART - NON PATENT LITERATURE DOCUMENTS		
Exr Initials	Include Name of first Author (in CAPITAL LETTERS), title of the article (where appropriate), title of the item (book, magazine, journal, serial, symposium, catalog, etc.), volume-issue number(s), page(s), date (in parentheses). If a book, also include publisher and city and/or county where published.	T ₁
	AWAD et al., "Genotypic variation in the transforming growth factor-β1 gene: association with transforming growth factor-β1 production, fibrotic lung disease, and graft fibrosis after lung transplantation," Transplantation 66(8):1014-1020 (1998).	
	BAKER et al., "Transducers of life and death: TNF receptor superfamily and associated proteins," Oncogene 12:1-9 (1996).	
	BATALLER et al., "Angiotensin II induces contraction and is mitogenic for cultured human hepatic stellate cells. Antagonization by losartan and modulation by vasodilators," Hepatology 28:437A (1998) (Abstract only).
